

RS Xperience
where driving passion meets the road

**RSX Sports Car Rally Series /
Rally to the Ridges**
SEPTEMBER 9-12 2021

Camaraderie

Our Rally to the Ridges is an unparalleled opportunity for performance car owners to put their driving skills safely to the test.

Beyond the meticulous planning and professional performance driving tips, the compelling camaraderie is what sets RS Xperience apart!

The Smoky Mountains, and beyond...

Spearheaded by our skilled self-driving specialist and CEO - Andy Papa - our series starts on September 9th 2021.

From our carefully curated routes and undiscovered vantage points, to the friendships formed and performance driving expertise, our adventure-fueled rally is an unforgettable sports car experience.

Regardless of your ability, feeling the rush on the road is instantly gratifying and addictive! Equally and perhaps more significantly, Andy knows the mountains like the back of his hand.

Event costs: from \$2,250*

**plus applicable tax*

Two days of real driving

In a spectacular three-day sweep limited to eight drivers, our Rally to the Ridges event covers around 400 miles in The Smoky Mountains - otherwise known as the origin of our rallies.

Setting off from the shores of Lake Santeetlah, drivers spend two days powering through the region in a slick segue. We take the scenic routes, driving a host of epic roads and experiencing some breathtaking scenery.

Highlights of the roadtrip include Fontana Dam, Tail of the Dragon, Foothills Parkway, The Highlands, Cherokee Skyway and other surprises.

All mornings begin with an early breakfast to fuel a full-day's driving and the evenings are spent sharing team spirit, drinks and flavorsome cuisine.

Ultimate sports car experience

Accredited to Andy's unyielding passion for masterful engineering - our events are open to owners of late model badged sports and performance cars.

Each day includes the use of long-range walkie talkies, an on-site photographer, lunch and snacks throughout the day, drinks, dinner and accommodation.

It's in our DNA

Tellingly, our CEO and self-professed sportscar fanatic - Andy Papa - has participated in high-performance driving for over a decade and covered over 15,000 miles of driving in The Great Smoky Mountains, alone.

Famed for his effortless piloting, unfaltering passion for sports car experiences, practical techniques and discovering hidden gems, Andy is the ultimate lead-car performance guide.

“ We had an awesome time at the Rally! Very well run event. It certainly exceeded my expectations. The driving and the roads chosen were for me the best part followed closely by the camaraderie of the group and the good time hanging out and swapping stories. **”**
