

***RSX Sports Car Rally Series I
Mountain Lake Rally***

NOVEMBER 9-13 2020

Camaraderie

Our Mountain Lake Rally is an unparalleled, adrenaline-fueled opportunity for performance car owners to put their driving skills safely to the test.

Beyond the meticulous planning and professional performance driving tips, the compelling camaraderie is what sets RS Xperience apart!

The Smoky Mountains, and beyond...

Spearheaded by our skilled self-driving specialist and CEO - Andy Papa - our spirited autumn series starts on November 9 2020, in an unforgettable four-day feat.

From our meticulously planned routes and undiscovered vantage points, to our predictably passionate camaraderie and performance driving expertise, our adventure-fueled rally is the ultimate sports car experience.

Regardless of your ability, feeling the rush on the road is instantly gratifying and addictive! Equally and perhaps more significantly, Andy knows the mountain like the back of his hand.

Three days of real driving

In a spectacular four-day sweep limited to seven drivers, our Mountain Lake Rally covers over 700 miles in The Smoky Mountains - otherwise known as the origin of our rallies.

Setting off from the 4.5 star Blue Waters Mountain Lodge at the shores of Lake Santeetlah, drivers spend three days powering through the region in a slick segue.

Day 1 and 2, we take on the Tail of the Dragon and the Foothills Parkway, and on Day 3 we cross into North Georgia via Gainesville Highway to Helen, GA.

All mornings begin with an early breakfast to fuel a full-day's driving and the evenings are spent sharing team spirit, drinks and flavorsome cuisine.

Cars that qualify

Accredited to Andy's unyielding passion for masterful engineering - our events are only open to owners of late model badged Audi R/RS, BMW M's, Mercedes Benz AMG's and Porsche Boxster, Cayman and 911.

And because it requires skill to take these tenacious beasts to their limit, our expert host is on-hand to share his invaluable techniques.

It's in our DNA

Tellingly, our CEO and self-professed sportscar fanatic - Andy Papa - has participated in high-performance driving for over a decade and covered 10,000 miles of driving in The Great Smoky Mountains, alone.

Famed for his effortless piloting, unfaltering passion for sports car experiences, practical techniques and discovering hidden gems, Andy is the ultimate lead-car performance guide.

Performance Package

Arrival: Monday November 9 2020

Arrive at Blue Waters Mountain Lodge, receive welcome pack (includes branded merchandise), welcome reception followed by dinner.

Tuesday November 10 2020

We cover 210 miles, starting with the Fontana Dam and Tail of the Dragon, followed by Foothills Parkway and the Clingmans Dome, the highest point in the Great Smoky Mountains.

Wednesday November 11 2020

We head to the North Famous Wayah Road, discover hidden gems and the spectacular Cherohala Skyway (totaling 190 miles).

Thursday November 12 2020

On our final driving day, we take the scenic route to Highlands before making our way to The Blue Ridge Parkway in an orchestral rev through the five famed tunnels (totaling 220 miles).

Each day includes breakfast, the use of long-range walkie talkies, high performance driving tips, an on-site photographer, lunch and energy snacks throughout the day, drinks, dinner and accommodation.

Departure: Friday November 13 2020

Following a hearty breakfast and group photographs, we say our farewells.
